Introduction

In the 3LOE project a distinction is made between

- a) quality assurance and evaluation of the development and implementation of all educational measures
- b) Quality assurance and evaluation of the development of Centers of vocational Excellence, collaborations and international cooperation
- c) Quality assurance and evaluation of the Implementation of the project, collaboration in the project consortium and of the result transfers and implementation consulting

Quality assurance and evaluation of educational measures occur in the Work Packages, in which qualifications were developed, tested and implemented (WP 2 to 5). The results are shown in the results of all educational measures.

Quality assurance and evaluation of the development of Centers of vocational Excellence, collaborations and international cooperation occur in Work Package 2 "Development and permanent operation of regional centers of excellence". The concept and results are presented in Result 2.2 Three-level centres of professional excellence "Green Economy for SMEs" and transnational platform - Part C Results and Business Models.

Quality assurance and evaluation of the Implementation of the project, collaboration in the project consortium and of the result transfers and implementation consulting is the subject of the work in Work Package 6 Quality Management. The concept and results are presented in Result 6.2 Result report of all evaluations and assessments.

The results of the quality assurance and evaluation of the of all educational measures are summarised below.
